RE: PLANNING Application: 16/0669/MOUT.

I object to the above application as it will disadvantage every aspect of village life here. The traffic will be heavy and more dangerous to the residents walking, cycling, pushing prams, walking dogs etc.

We often have difficulty getting to our road now due to traffic congestion.

Noise and light pollution will make living here very unacceptable.

This large project should not happen on an AONB and also add to flood risk.

Please reject this application.

Letter of Representation - 16/0669/MOUT

S. CORDEY
